Subject: Need a Name Change for SSID A6PJ (Currently Amarillo Phosphine)

Robert,

I originally name the site (A6PJ) Amarillo Phosphine but when UC finally got an IAP up the site was being called, Carolyn Mitigation & Cleanup. To keep the documentation from becoming confusing and to keep from having to change the name in too many places, I just renamed it on the OSC website to, Amarillo Phosphine (Carolyn Mitigation & Cleanup). Can you change the SSID to match this name? Thanks.
